

The following changes were released to the live system on May 1, 2014. Please review the below release notes carefully as some changes impact the way the system works. If you have any questions or need clarification on any of the changes, please contact support at 416-961-7884, option 2, or email us at contact@condocontrolcentral.com.

Related Feature	Change Type	Ref #	Release Notes
Announcements			
	Bug Fix	DEV-486	When tracking who opted out of paper copies, times were shown without the correct timezone applied. This has been fixed.
Discussion Forum			
	Bug Fix	DEV-503	When a new post is still pending approval, it will still be used when calculating the "Last Post" date shown on the forums pages. The calculation has been changed to exclude all posts that aren't approved.
Internationalization			
	Bug Fix	DEV-627	When sending announcements in French, French words with accents are would be distorted in some email programs. We've fixed the issue so accented characters should now display correctly on all email programs.
	Customer Request	DEV-668	Condo Control Central is now available to owners in Spanish. In order to change their default language preference, owners should log in and click "My Account". In this section they can choose their default language (English, French or Spanish).
Look & Feel			
	Customer Request	DEV-679	The system now displays the building name more prominently, and also allows for customization by providing a logo and colours. This branding option is available for an additional fee, please contact us if you are interested.
Reports			
	Bug Fix	DEV-630	The pet report is now sorted by unit number to make it easier to find information within the report.
Security & Concierge			
	Bug Fix	DEV-620	When creating a new security log, a security guard could accidentally choose a shift end time far in the future. To prevent this, we have added a validation which prevents creation of a shift with a duration longer than 24 hours.
	Bug Fix	DEV-654	The system now supports capturing a signature for outbound packages. The process is the same as for inbound packages.

May 1, 2014 Release Notes

The following changes were released to the live system on May 1, 2014. Please review the below release notes carefully as some changes impact the way the system works. If you have any questions or need clarification on any of the changes, please contact support at 416-961-7884, option 2, or email us at contact@condocontrolcentral.com.

Related Feature	Change Type	Ref #	Release Notes
	Bug Fix	DEV-658	Based on customer feedback, we have removed the signature option for visitors and visitors who are registering for visitor parking.
	Bug Fix	DEV-629	In some cases, HTML code was visible within emails generated by the system to notify owners and management of a new service request. This issue has been fixed.
Status Certificates			
	Bug Fix	DEV-532	Based on customer feedback, we have added an option for Administrators to cancel status certificate requests if they are no longer needed.
Task Tracking			
	Bug Fix	DEV-652	Under certain circumstances when using the task tracking feature, changes could be saved even if the user clicked "Cancel". This has been fixed.
