

## November 4, 2015 Release Notes

The following changes were released to the live system on November 4, 2015. Please review the below release notes carefully as some changes impact the way the system works. If you have any questions or need clarification on any of the changes, please contact support at 416-961-7884, option 2, or email us at [contact@condocontrolcentral.com](mailto:contact@condocontrolcentral.com).

Related Feature	Change Type	Ref #	Release Notes
<b>Announcements</b>			
	Issue	DEV-1298	Addressed an issue that caused spacing error on the announcement details page.
	Improvement	PR-244	Added the ability to send announcements to individual Units, Groups and also to users in selected units who belong to the selected groups.
<b>Branding</b>			
	Improvement	DEV-1169	Add the ability to send outgoing emails to residents with custom footer information. This feature is part of our branding improvement.
<b>Reporting</b>			
	Improvement	PR-369	Added the ability to filter the Incident report by "Incident Type" and "Related Unit".
<b>Security &amp; Concierge</b>			
	Issue	DEV-1292	Addressed an issue that caused slowdown of page load time when user searched on the Security and Concierge console. We implemented a new search pattern to show only the last 90 days search history and we also fixed the slow page load on the security search results.
	Issue	DEV-1302	Addressed an issue that caused an error in some situations when printing a visitor parking permit.
	Issue	DEV-1304	Addressed an issue that caused an error while capturing signature on the tablet during package release.
	Issue	DEV-1323	Addressed an issue that caused an error in some situations for the date format when user language preference is French.
	Improvement	PR-24	Changed the numbering of records so that they are now numbered individually, by condo. This improvement will impact the sequencing for "Visitor Parking", "Package Tracking", "Security Log", "Incident Reports", "Authorized Entry", Key Check out" and "Pass On Log".
	Improvement	PR-368	Modified the print version of Incident report on the Security and Concierge console. The new print version is PDF format.
	Improvement	PR-370	Added the ability to print package slips with only unit information. This feature allows the user to print a package slip with only unit information when a new package is received.

Related Feature	Change Type	Ref #	Release Notes
<b>Service Request</b>			
	Improvement	PR-24	Added numbering (by condo) for the Service Request feature. All Service request will now be numbered sequentially for each condo.
	Improvement	DEV-1254	Added the ability to delete attachments from service requests.
<b>Unit File</b>			
	Issue	Dev-1293	Addressed an issue that caused an error when users in the "Resident Group" received an email with instructions on how to register with Condo Control Central.
	Issue	DEV-1297	Addressed an issue that caused an error when user updates vehicle information on the unit file.
	Improvement	PR-165	Added the ability to send an email notifying the administrator when a user selects the option "Requires Assistance in emergency" during registration. This setting can be enabled for Administrators by clicking on "My Account"> Email Preferences > Select "Email me when a user enables Requires Assistance in an Emergency".
	Improvement	PR-177	Added the ability to search for phone numbers in the unit file.
<b>Welcome Page</b>			
	Issue	DEV-1311	Addressed an issue that caused an error on the welcome page when user exceeds the character limit set on the first name, last name or email field.
