Related Feature	Change Type	Ref #	Release Notes
<b>Amenity Booking</b>			
	Improvement	PR-124	Amenity Bookings that need to be approved can now be directed to different groups depending on the amenity. Please contact Condo Control Central support to set this up.
<b>Events</b>			
	Bug Fix	DEV-862	Owners can now view and download event attachments directly from the event page.
<b>File Library</b>			
	Bug Fix	DEV-926	Resolved a problem where in some circumstances property managers were unable to directly remove a file from the file library.
<b>Security &amp; Concierge</b>			
	Bug Fix	DEV-923	In some cases, the "Security & Concierge Activity Summary Report" would not display information, even if there was data present. This has been fixed.
	Bug Fix	DEV-929	Resolved an issue where in some instances not all of the users in a group that is designated to receive incident reports received the report.
	Improvement	PR-120	Several customers have requested that parking permit usage should be calculated using the current calendar month only. The system now supports counting permits for both the current month, as well as permit usage over the last X days (e.g., last 7, 14 days). To set this up please contact Condo Control Central Support.
<b>Service Requests</b>			
	Bug Fix	DEV-897	Resolved a formatting issue with service requests where text would overlap other columns.
	Improvement	DEV-915	Per customer feedback, making assignment of service requests mandatory when updating a request is not useful. We have removed this validation, and you are now free to leave service requests unassigned.
	Improvement	DEV-916	The message at the top of the Service Request page now supports basic formatting.
<b>Tasks</b>			
	Bug Fix	DEV-785	Resolved an issue where in some circumstances former board members would receive a notification that a task was updated, even after they had left the board.

<b>Unit File</b>			
	Bug Fix	DEV-748	Units with no residents in them are now viewable in Condo Details.
	Bug Fix	DEV-900	Duplicate units can no longer be created. Previously there was no validation to prevent this from happening.
	Bug Fix	DEV-901	Resolved an issue where a user's group membership could not be edited without that user having an email address associated with their account.
	Bug Fix	DEV-910	Resolved a typo where the title "Vehicle Information" incorrectly appeared when a property manager was adding a new pet to a unit.
	Bug Fix	DEV-920	Previously, when a unit was searched and then the user clicked the "Next" button, the next unit was not in order. This has been fixed.
	Bug Fix	DEV-921	The Owner Mailing Address Report now properly sorts unit numbers when they contain a letter as the first character.
	Bug Fix	DEV-922	The Emergency Contact Details Report now properly displays the phone numbers of the Emergency Contacts.
	Improvement	DEV-911	Per customer request, pet names are often not available. As a result we have changed the system so that pet name is no longer a required field.
	Improvement	DEV-935	E-mail addresses are now clickable from the Condo Details page allowing for individual emails to be sent faster.
	Improvement	PR-142	Additional vehicle makes have been added which can be selected in visitor parking and the unit vehicle details page.
	Improvement	PR-164	Two new optional fields have been added: 1) Occupancy Date and 2) Move-in Date. These fields are helpful when coordinating move-ins for a new building.
	Improvement	PR-164	In edit unit details page, "Vacant" is now an option in addition to the previous "rental unit" and "owner occupied" options.
