

The following changes were released to the live system on January 28, 2016. Please review the below release notes carefully as some changes impact the way the system works. If you have any questions or need clarification on any of the changes, please contact support at 416-961-7884, option 2, or email us at contact@condocontrolcentral.com.

Related Feature	Change Type	Ref #	Release Notes
Design Update			
	Improvement	PR-434	Home page design change. We moved away from the old design layout to a more user friendly option on the home page. User can now click on the top level navigation options like announcements or events and see the latest information posted for their unit.
	Improvement	PR-424	Unit file design change. Now administrator can search through unit and user information using the tabs on the top of the user & unit details page. The tabs allow the administrators to search for all the details easily without having to scroll through the pages.
	Improvement	PR-440	Amenity Booking design change. New design is smooth and easy to navigate when booking a new amenity.
	Improvement	PR-430	Service request design change. The new design allows the users to navigate within the service request for updates and attachments without having to scroll through the page.
	Improvement	PR-439	My account design change. My account page now looks similar to user details page with tabs on the top for the residents to look/update their information without having to scroll through the page.
	Improvement	PR-454	Events design change. Events page is also updated to our new design as part of the User interface change.
	Improvement	PR-455	Tasks design change. The new interface allows the users to navigate within the tasks for updates and attachments without having to scroll through the page.
Training			
	Improvement	PR-423	We launched a new training module that will enable the security and concierge group and property management group users to learn about the functionality of the system using our video tutorials. Administrators can now monitor their team results and also be notified when a user finishes a learning path.
Help/Contact us			
	Improvement	PR-266	Administrators can now add Property management and Security contact information for the residents. To update the information, click on Welcome> Setup> Workspace settings> update "Property Manager Contact" & "Security & Concierge Contact" information. Residents can see the information on the Help/Contact page available on the right hand side>welcome dropdown.
