Related Feature	Change Type	Ref #	Release Notes
Amenity Booking			
	Bug	DEV-1231	Addressed bug that occurred while creating a booking where an unavailable timeslot was showing as available.
Announcements			
	Bug	DEV-1236	Addressed bug where the announcement link in email notifications required the user to log in in order to view the full announcement.
	Improvement	DEV-1241	Implemented a change to allow announcements, events, and file library to support unicode characters, including Chinese characters.
Lobby Display			
	Improvement	PR-270	Added an option to allow users to opt-out from their unit number being displayed on the lobby display when a package is received. To do this, residents can go to My Account > Edit > select 'Hide unit from lobby display'. Administrators can do this on behalf of residents using the same steps but by going to their user details page.
Reporting			
	Improvement	PR-192	Added a Unit Number column to the Amenity Usage Report.
Security & Concierge			
	Bug	DEV-1237	Addressed error that occurred when updating an incident report that was previously created by a user who had been deleted from the system.
	Improvement	PR-334	Added the ability for a guard to see all users that are residing in a unit before releasing a package. To do this, click 'Release' on a package, then click 'Users in Unit'.
Service Requests			
	Improvement	DEV-1149	Added an HTML editor to the 'Service Request Introductory Text' setting on the Setup page.
Setup Page			
	Improvement	PR-353	Under Welcome Letters > Custom Welcome Letters, added a 'Download Template' link to allow managers to modify the default Welcome Letter template before uploading and generating welcome letters.
Training			
	Improvement	PR-346	Training feature is currently under construction. Training videos can be temporarily accessed using the link provided. A new training system will be coming soon.
