April 20, 2016 Release Notes

The following changes were released to the live system on April 20, 2016. Please review the below release notes carefully as some changes impact the way the system works. If you have any questions or need clarification on any of the changes, please contact support at 416-961-7884, option 2, or email us at contact@condocontrolcentral.com.

Related Feature	Change Type	Ref #	Release Notes
Amenity Booking			
	Issue	DEV-1391	Addressed an issue with Stripe fee. With the latest change, Residents can now be charged all "Amenity booking" fees (including Stripe fee, CCC service charge). During the Stripe set up process, inform your Customer Activation / Support rep about your requirements and they will set it up for you.
	Improvement	DEV-1423	Amenity booking end time is now displayed on the calendar.
Events			
	Improvement	PR-473	Added the ability to create new calendars for the events section. Administrators can now create group based calendars and post events to specific groups. The updated events feature allows the user to set permission for individual groups under the set up page. Events can now be displayed on Lobby Display and they also provide the option to send 24 hour reminder notice to the residents.
My Account			
	Issue	DEV-1404	Addressed an issue with time difference on "My Visitors" Parking permits. This issue happens in certain situations where the user logs their own visitors and the end time didn't match with the time logged.
	Improvement	PR-469	Added the ability to add an email signature to certain Condo Control Central emails. To add an email signature, Click on My account > Email Signature (Left hand side menu). Email signature will appear on emails sent to users when posting an Announcement, updating a Service Request or Tasks.
Reporting			
	Issue	DEV-1407	Addressed an issue with "Fobs and Remotes" report. The issue occurred in certain situations where the report showed inactive user details in the report.
	Improvement	PR-60	Added the ability to generate "Notes Report". The report provides a summary list of all unit notes.
	Improvement	PR-426	Added the ability to generate "Service Request Portfolio Report". The report shows statistics about service requests broken down by property.
Security & Concierge			
	Issue	DEV-1398	Addressed an issue with Incident Report email template showing old sequence numbers. The change was made to the email template to show the current sequencing on the Security console.
Set Up			

April 20, 2016 Release Notes

The following changes were released to the live system on April 20, 2016. Please review the below release notes carefully as some changes impact the way the system works. If you have any questions or need clarification on any of the changes, please contact support at 416-961-7884, option 2, or email us at contact@condocontrolcentral.com.

Related Feature	Change Type	Ref #	Release Notes
	Improvement	PR-459	Added the ability to restrict users from being deleted on the Welcome site. In order to implement this setting, Click on Set up> Workspace settings > Ability to Add/Remove User permission.
	Improvement	PR-460	Added the ability to notify the Administrators when a user is deleted on the welcome site. Administrators will now receive an email notification informing them about the user deletion on the welcome site. In order to turn on the email settings, Click on Welcome(Top right hand) > Select "Email preferences" > Select " Email me when a user is deleted on Welcome Site."
Set Up			
	Issue	DEV-1414	Addressed an issue when updating questions on the edit survey page. The error occurred when new questions were added to an existing survey.
Training			
	Issue	DEV-1422	Addressed an issue with certificates in the Training Module. This issue occurred in certain situations where the users completed the learning path and the option to generate the certificate was missing.
Unit File			
	Issue	DEV-1405	Addressed an issue with phone number search on the unit file. This issue occurred in certain situations when the users were searching for the phone number with less than 6 characters.
