Related Feature	Change Type	Ref #	Release Notes
Events	Issue	DEV-1962	Addressed an issue with event reminder emails. Users in some situations received reminder emails 48 hours prior to the event instead of 24-hour notices.
Proxy	Issue	DEV- 1969	Added the ability to turn off text and voice messages for proxy reminders and introduction messages. Administrators can change the proxy settings on the setup>proxy>send text and voice messages option.
Payment System	Improvement	PR-660	Added the ability for the residents to make a one-time payment or set up recurring payments to pay for anything on the system. Administrators can configure the payment system by enabling stripe integration. Administrators can set up payment options on the setup page> store/payment configuration page.
Stripe	Issue	DEV-1961	Implemented real-time stripe transaction tracking. This feature will enable administrators to check the status of a stripe transaction in real time on amenities, stripe, online payments and status certificate options.
Report	Issue	DEV-1940	Addressed an issue with electronic consent filter for users who do not have electronic consent option. The duplication of data on users with electronic consent filter and without consent is now resolved. It was caused due to users deleting their current consent form and recreating a new one.
Registration	Improvement	DEV-1946	Addressed an issue with registration page consent forms not properly linking to the parcel waiver feature. This issue led to security users not able to see the parcel waiver on file during the new parcel creation process.
