

April 05, 2019 Release Notes

The following changes were released to the live system on April 05, 2019. Please review the release notes below carefully as some changes impact the way the system works. If you have any questions or need clarification on any of the changes, please contact support at 416-961-7884, option 2, or email us at contact@condocontrolcentral.com.

Related Feature	Change Type	Ref #	Release Notes
Login	Improvement	DEV-2033	Addressed an issue with Keep me logged in feature. Users on Firefox and chrome reported that the feature doesn't work as intended. This issue is now fixed.
Announcement	Issue	DEV-2305	Addressed an issue with Budget announcements. Fixed issues related to HTML code on the email template, Issue with start date on the email template and renter info shown on Envelopes.
Security & Concierge	Improvement	DEV-2299	Introducing new search engine for security console. With this new search engine, our goal is to provide a broader search range for workspaces. We will show by default 10000 records instead of last 2 months activity details. The search results should also be returned to the user within 2 seconds.
Proxy	Issue	DEV-2333	Addressed an issue with voting to elect candidate set to NULL. This issue happened when there were no users for voting selected as part of the proxy creation process.
Reporting	Issue	DEV-2316	Addressed an issue with Keys reports. Users reported the temporary keys and a few permanent key details were missing on the new report.
